BIOREMEDIATING Parts Washing System

**The Power  
to Clean Safely**

**SOLUTIONS TO KEEP YOU MOVING**

# SmartWasher® Parts Cleaning System – how it works

The SmartWasher® Bioremediating Parts Washing System is both self-cleaning and deregulated. Through the process of bioremediation the SmartWasher® constantly maintains the cleanliness of the OzzyJuice® cleaning/degreasing solution without the need for hauling, skimming or evacuating the unit. Microbes (Ozzys®), introduced into the SmartWasher® system through the OzzyMat™, break down the grease, oil and other contaminants, cleaned off the dirty parts, creating a harmless by-product of carbon dioxide and water. In short, **the OzzyJuice® cleaning/degreasing solution cleans the dirty parts and the Ozzy microbes clean the OzzyJuice® leaving it strong and clean for every use.** In addition, if the unit is maintained properly, and according to the operating instructions, you should never need to haul away dirty parts cleaning fluid again.

## OZZY® MICROBES INSIDE

OZZY® MICROBES KEEP THE OZZYJUICE® CLEAN AND STRONG.  
CLEAN OZZYJUICE® MEANS CLEAN PARTS.

## THE MAGIC STARTS WITH THE OZZYMAT™

**THE OZZYMAT™, (IMPREGNATED WITH OZZY® MICROBES), IS THE KEY TO MAXIMIZING THE PERFORMANCE OF THE SMARTWASHER SYSTEM AND THE OZZYJUICE® DEGREASING CLEANING SOLUTION.**

- **THE OZZYMAT™** traps particulate down to 50 microns in size but more importantly contains **Ozzys®** (microbes). The **Ozzy®** microbes, impregnated in the **OzzyMat™**, are transported along with the **OzzyJuice®** into the **SmartWasher®** tank. These natural occurring **Ozzy®** microbes eat the grease, oil, and other contaminants cleaned off the dirty parts and create a harmless by-product of carbon dioxide and water. This bioremediation process leaves the **OzzyJuice®** clean and strong and ready to use time after time without the need to change, evacuate or haul away dirty parts washing fluid.
- **CHANGE THE OZZYMAT™ ONCE A MONTH TO MAINTAIN CLEAN OZZYJUICE®.**
- **HEATED OZZYJUICE®** flows through the nozzle, and flow-through brush, onto the dirty part, then travels through the **OzzyMat™** and into the **SmartWasher®** tank. **OzzyJuice®** is a powerful, aqueous based degreasing solution that is pH-neutral, non-hazardous, non-flammable, and non-toxic. Armed with superior cleaning capability, the **OzzyJuice®** solutions will match or surpass the performance of a premium solvent without all the associated risks. All **OzzyJuice®** solutions are certified by both NSF and AQMD.
- **THE 1135 LITRES P/HOUR RECIRCULATING PUMP** pulls the **OzzyJuice®** from the tank and sends it back through the nozzle and brush - ready to clean more dirty parts.
- **THE OZZY® MICROBES** do their job eating the grease, oil and other contaminants, cleaned off the dirty parts, creating a harmless by-product of carbon dioxide and water, leaving the **OzzyJuice®** clean and strong and ready to use.

## Mobile Parts/Brake Washer

### BENEFITS

- Bioremediating
- Non-hazardous
- Non-flammable
- pH neutral
- Non-toxic
- Non-irritating
- Less expensive to use than solvent units

### FEATURES

- 180kg load capacity
- Mobile dolly with large locking casters, oversized sink
- Interchangeable brush capability
- Adjustable thermostat
- Rugged construction for demanding jobs
- Sleek, modern appearance

**Note:** OzzyJuice® and OzzyMat™ products do not come with purchase of SmartWasher® but sold separately or can be purchased as an overall startup kit. Refer to table below.

### SW-23 SPECIFICATIONS

<b>Product number</b>	SW-23	<b>Adjustable thermostat</b>	40° to 46°C
<b>Overall dimensions</b>	1092 (L) x 686 (W) x 1067 (H)	<b>Flow control timer</b>	10 minutes
<b>Inside sink dimensions</b>	686 (L) x 584 (W) x 203 (H)	<b>Pump capacity</b>	1135 litres per hour
<b>Load capacity</b>	180kg	<b>Certified</b>	ETL (UL/CSA) CE, NSF
<b>Controls</b>	Toggle switch	<b>Parts washer construction</b>	Heavy duty HDPE

### SW-23 OPTIONAL STARTUP KIT

CONTAINS	CRC Promo Code	CRC DESCRIPTION
1 x SW-23 SmartWasher® System	SW-23-1	STARTER KIT SW-23 SW-1 FL-4
5 x OzzyJuice® 20L (1 Free)	SW-23-3	STARTER KIT SW-23 SW-3 FL-4
3 x FL-4 OzzyMat™ (2 Free)	SW-23-4	STARTER KIT SW-23 SW-4 FL-4
SmartWasher® Startup Kits ships completely assembled and will keep going for the first 3 months.	SW-23-6.8	STARTER KIT SW-23 SW-6.8 FL-4

# SW-25

## Signature Parts Washer

### BENEFITS

- Bioremediating
- Non-hazardous
- Non-flammable
- pH neutral
- Non-toxic
- Non-irritating
- Less expensive to use than solvent units

### FEATURES

- 227kg load capacity
- Interchangeable brush capability adjustable
- Rugged construction for demanding jobs
- Sleek, modern appearance

**Note:** OzzyJuice® and OzzyMat™ products do not come with purchase of SmartWasher® but sold separately or can be purchased as an overall startup kit. Refer to table below.

### SW-25 SPECIFICATIONS

<b>Product number</b>	SW-25	<b>Adjustable thermostat</b>	40° to 46°C
<b>Overall dimensions</b>	991 (L) x 737 (W) x 1067 (H)	<b>Flow control timer</b>	10 minutes
<b>Inside sink dimensions</b>	660 (L) x 432 (W) x 203 (H)	<b>Pump capacity</b>	1135 litres per hour
<b>Load capacity</b>	227kg	<b>Certified</b>	ETL (UL/CSA) CE, NSF
<b>Controls</b>	Toggle switch	<b>Parts washer construction</b>	Heavy duty HDPE

## Mobile Heavy Weight

### BENEFITS

- Bioremediating
- Non-hazardous
- Non-flammable
- pH neutral
- Non-toxic
- Non-irritating
- Less expensive to use than solvent units

### FEATURES

- 454kg load capacity
- Mobile dolly with large locking casters, oversized sink
- Interchangeable brush capability
- Adjustable thermostat
- Rugged construction for demanding jobs repairs made easy with detachable control box
- Sleek, modern appearance

**Note:** OzzyJuice® and OzzyMat™ products do not come with purchase of SmartWasher® but sold separately or can be purchased as an overall startup kit. Refer to table below.

### SW-37 SPECIFICATIONS

<b>Product number</b>	SW-37	<b>Adjustable thermostat</b>	40° to 46°C
<b>Overall dimensions</b>	1219 (L) x 889 (W) x 1143 (H)	<b>Flow control timer</b>	10 minutes
<b>Inside sink dimensions</b>	838 (L) x 685 (W) x 203 (H)	<b>Pump capacity</b>	1135 litres per hour
<b>Load capacity</b>	454kg	<b>Certified</b>	ETL (UL/CSA) CE, NSF
<b>Controls</b>	Toggle switch	<b>Parts washer construction</b>	Heavy duty HDPE
